

ONE WORLD CENTRE

Professional Learning for Teachers

- Are you involved in **teaching and learning about 21st century sustainability issues** such as climate change, energy, food, health and wellbeing, peace and conflict resolution, biodiversity, homes and communities, cities, transport, citizenship, human rights, social justice, production and consumption, waste, water ... and more ? (Eg. differences in economic, social and demographic characteristics across countries (ACHASSK139)
- Do you want to develop your professional knowledge and practice in **global citizenship education** and **education for sustainable development**?

Engaging with the Global Goals Curriculum Resources for WA Teachers

There are strong links between the UN Sustainable Development Goals (SDGs) and the values, principles of teaching and learning, priorities, capabilities and knowledge content of the WA Curriculum. This One World Centre workshop introduces the SDGs , focusing, in particular, on the curriculum-linked teaching and learning resources and the authentic, real-world learning opportunities that can be developed through engagement with the Global Goals. Free resources will be provided.

The workshop will be delivered by Dr Peter Devereux and Dr Caroline Marsh.

Enquiries: education@oneworldcentre.org.au or phone 9371 9133 (pre-service teachers \$10.00)
