

# UNAA GLOBAL CITIZENSHIP AND SUSTAINABILITY

## WACE ENDORSED UNITS

(SCSA ENDORSED 2018-2022)

**A people's movement promoting the aims and ideals of the United Nations through education and awareness**

Global Citizenship and Sustainability is a UNAA(WA) senior secondary program (4 units) approved by the School Curriculum and Standards Authority as a WACE Endorsed Program. Based on the UNESCO model for Global Citizenship Education (which underpins PISA Global Competence) each unit requires students to design and implement a community sustainability project (local to global). Each unit completed by a Year 10, 11 or 12 student counts as one unit-equivalent in meeting WACE requirements.

Add value to the school curriculum through integrated learning applied to real-world problems. Students plan for a sustainable future using the 2030 Global Goals.

UNAAWA is responsible for

- > quality assurance of program delivery
- > quality assurance of assessment
- > certification of student achievement
- > submission to SCSA of each student's achievement for inclusion on WACE

**2018 PILOT SCHOOL (SHENTON COLLEGE)** has tested the program with Year 10 STEM students. The feedback: high levels of student engagement and integration of learning across the whole curriculum. The students have generated a series of innovative solutions to real world problems through the UN 2030 Global Goals.

**CURTIN UNIVERSITY (LEARNING FUTURES)** backs the program as a means for students generating “valuable Portfolio information about the kind of learning needed for the future” (Professor David Gibson). Industry representatives on UNAAWA agree. Portfolios can also be used for annual Curtin SHAPE scholarships (currently up to \$3000 over the period leading to end of Year 12).
