Community Painting Opportunity

Caring for Country - Climate Action

with Esther McDowell/Yabini Kickett

Join us to reflect on the urgent need for climate action in the context of the loss and damage to our communities and environments as a result of climate change related disasters. Together we will explore and express the processes of healing and regeneration that come through caring for Country. In this workshop, we will envision, plan and create a shared artwork under the guidance of artist Esther McDowell/Yabini Kickett, a Noongar woman with ties to Ballardong, Nyaki-Nyaki, Wadjuk and Bibbulmun clan groups.

This activity links with United Nations Sustainable Development Goals 13 (Climate Action) and 15 (Life on Land).
