

# aaee 2020

## Mandjoogoordap: Changing Tides

30 September 2020

Mandurah, Western Australia

Online Conference

# REGISTRATIONS NOW OPEN

for the 21st Australian Association for Environmental Education  
Biennial National Conference - [Online Conference](#)

While the global pandemic has caused the postponement of the 21st AAEE Biennial Conference in Mandurah, Western Australia to 2021, the one-day virtual conference program in 2020 gives you the chance to engage with some amazing presenters and topics from the safety of your own desk.

Hosted by the AAEE WA Chapter and supported by the City of Mandurah, the conference theme for 2020 and 2021 is Mandjoogoordap: Changing Tides. Taking place during the Noongar time of Kambarang, the season of birth, we will explore, discuss and learn from those who are working to empower their communities to action change.
