

## Printmaking With Repurposed Materials

led by Barbara van Gool (Barbwire Arthouse)

This hands-on Visual Art workshop, linked with the Sustainability Cross Curriculum Priority, will:

- expose, provide experience, explore and use different materials and techniques to make artworks;
- develop artistic skills through experimentation with shape, colour, line, space, texture and value (<https://k10outline.scsa.wa.edu.au/>).

In this creative and fun printmaking session, create stunning designs and patterns by re-using a variety of everyday items, gel plate and acrylic

Print created with string and wool
